PRECIOUS METALS. AS IMPORTANT AS THE SURCINGLE ON YOUR POLO SADDLE.

When you're competing in a vigorous sport it is essential to secure protection. Equally so when you're investing. A wide range of precious metals are available to you in Zurich – and from July this year – in Geneva as well, to help you achieve your investment goals. Protection of course is not just what you buy, but also where you hold it; so please also visit us to discuss holding your valuables in one of our high security personal safe-deposit boxes.
